make as much ground as the substitute half backs had done in the earlier stages of the contest.

Van Hoevenberg was knocked out completely early in the first half, which let Ashley into the battle. Then Sykes twisted an ankle and gave way to B. Boyeson. No other Columbia man was hurt. The Sievens boys, on the other hand, were subjected to a smashing that laid many of them out, but owing to a lack of substitutes the regulars had to stand the gaff to the end and in doing so they gave a wonderful exhibition of pluck. Fagan, the right half back, son of the Mayor of Hoboken, was a conspicuous figure in this respect. He was flattened out a dozen times, but refused to quit. Finally in the second half when he was flattened out a dozen times, but refused to quit. Finally in the second half when he was flattened out a dozen times, but refused to quit. Finally in the second half when he could have a conscious flattened to continue in the game. Coach McLaughlin took him by the arm and dragged him off the field hagan threw his head piece on the turf and cried like a child. He intends to enter Columbia next year. Allen and Stokes play delever football for Stevens under the adverse oreumstances. Stokes made some superbrackles of men who virtually had a clear field. In the second half Austin of Columbia made a play that is seidom seen on the gridiron. He punted the ball on the third down and the oval did not advance more than fifteen vards. When it came to earth, Austin fell on it and was, of course, on side at that. Columbia made 29 points in the first half and 16 in the second. If the regular Varsity had played sevens the top score of the season might have been recorded. Summary:

NEW HAVEN, Oct 17.—Vale this afternoon came within one touchdown of trebains the score that Harvard made against Bowdom on the gridinon a week ago last Safurday. Yale scored five touchdowns assumed Bowdom and Hale kicked all the goals, making the score for to 0. The game pleased Vale men impressly Yale had three substitutes in Rice in the places of Sharpe. Bloomer and the Bowdom, according to her own statement, was not in as good shape as she was when she met Harvard The game took place under a clear sky and for the first time this season the weather was good for a football game. Once Hunt, a slightly-built Bowdom haif back, larred Yale's sopporters by getting around the end for a pretty 20-yard run. There was only one man left between Hunt and the Yale goal posts, and this was little Wear, the quarter back, who stended him. Chadwick made the most sensational runs of the game for Yale But Petr. Hate was nevertheless the pride of the Ribe team. Bowdom could not make as much as a dent in the Yale centre, but the Blues on the other hand could not gam an inch around Bowdom's eachs.

PRINCETON. Oct. 17.—The Princeton eleven met the football team from Syracuse University for the first time in the history of athletics here on Oaborn: Field this afternoon and buried it beneath the score of 43 to 0. It was a game replete with sensational individual plays on the Tigers' part, but devoid to a large degree of the team play that would have been necessary to pile up half the number of points against a heavier combination, for Princeton outweighed their opponents man for man.

captain showed that there is a great deal of good material partially developed at the local university, including Half Backs Townsend, Huffaker, Holman. A Boyeson, Quarter Back B Boyeson and several line men. Ashley, too, showed to excellent advantage, especially in drop kicking. He made five goals from touchdowns, four of which were simply dropped from the 20-yard line without having the ball held in place. A few moments before the end of the second half the star Varsity half backs. Weekes and Berrien, had a chance to show their speed, but strange to say, though the Stevens boys were completely flugged out, they did not make as much ground as the substitute half backs had done in the earlier stages of the vontest.

candle lasted long enough to beat therms a length for show money.

A few shrewd members of the cross-country colony uncovered a real-hot one in the steeple-chase, which led off the programme, and kept the secret so carefully that they secured as high as 30 to 1 on the investment. The good thing proved to be Somers, a four-year-old horse by Tremont-Marianne. He jumped like a deer and after waiting with the others to the turn for home drew away and won off by ten lengths. Zinziber outran Walter Cleary for place honors, while the joint favorites, Mazo and Last Cord, were soundly beaten.

The talent lind nerve enough to pick and play a tavorite in the field of twenty-one that turned out for the second race. As is usual in such cases they guessed wrong, but they came surprisingly close to the mark, as the second choice, Midenimer, broke in the front file and, helding his own deverly to the end, won by a length from Wax Taper, who beat fluke a head. The favorite went lame when coing strongly and had to be eased up.

Considerable interest centred in the race for two-year-olds over the full Withers mile, and it proved a medium of lively speculation. The plungers went solid for Garry Hermann and forced his odds from 6 to 5 to 4 to 5. Joe Frey and Rolling Boer closest equal second choices, but the favorite galloped the bunch to a standstill coming home and won cleverly by two lengths. Rolling Boer finished with his customary gameness and needed it alite squeeze into the place a head in front of Dr. Barlow.

All the belated winnings were poured in again on C Littlefield. Jr's, Support to win the fifth race. The gelding was in one of his crazlest moods when he reached the barrier, and after trying to reduce everything to choose he wound up a ten-minute circus act by throwing Wolkh over the fence. The boy although scarcely yet recovered from the terrible fall he sustained in the last skyteenth. His horse was done to a turn and Walsh had barely enough strength to hold the ugly-tempered bruie together. Still he might have won

New Club Organized to Boom Sport at Long

Branch. A new sporting institution, to be known as the Monmouth County Driving and Field Club, with prospective headquarters at Long Branch, was organized last night at the Rossmore Hotel, this city. The promoters say they hold an option on forty acres in a [desirable suburb of the Branch, but the primary idea is to secure Elkwood Park and revive it as a trotting centre without hampering the wing shots and golfers who have been keeping its name from oblivion. It is proposed to hold matinée harness meetings every Saturday and to apply for Grand Circuit dates. The officers selected at the meeting were: President, H. H. Kane, M. D.: First vice-President, the Hon. Randolph E. Guggenheimer: Second Vice-President, Walter E. Hildreth and a long string of directors, including Edward Murphy, Jr., Richard Croker, Leopold Wallach, Charles C. Lloyd, Thomas Patten and J. A. Murphy. of the Branch, but the primary idea is to secure

Checker Champions Play Two More Drawn

BOSTON, Oct. 17—The checker tournament for the championship of the world, between Charles F. Barker, the American champion, and Richard Jordan of Scotland, was continued to-day at the American House. One game was played at the afternoon and one at the evening sitting. As on the two preceding days, both sitting. As on the two preceding days, both resulted in draws. In the afternoon the black pieces were played by Mr Barker, whose initial move, as drawn, was the Kelsoe opening, 10-15. The players soon drifted into the game known as the Dandee Counterpart, in which practically ilentical moves are made by both players. According to the usual lines of this play this variation, as analyzed, leads to a draw with black, two pieces short, and so it proved this afternoon. In the evening Jordan used the same opening, and Barker's reply was 24-20. The latter move soon got the player into difficulties, and he had to use considerable skill to make the game a draw.
